

Browse by Department will display a popup with all of the individual departments in alphabetical order. When the user clicks one, the user is taken to the department screen.

Search Filters only appears on the small width screens. Larger screen widths will show the filters in the search bar.

In landscape mode use a 2-wide grid for the category buttons. This may require the div to scroll on shorter screens.

Clicking on the title of the item takes the user to the catalog item page.

The user can directly add items and quants from the search page.
